## **Group: Team Phoenix**

### **(E-Phoenix)**

“**E-Phoenix**” is an online learning platform. Operated and maintained from International Islamic University Malaysia, Kuala Lumpur, Malaysia.

#### **1. Group Contributions**

Each of the team members prepared 4-5 web pages for the progress presentation as shown in Table A.

#### **2. Future Enhancement**

All of our courses offered by our website will be available in the final presentation. For progress presentation, we have done almost everything without adding the courses. There will be six courses at the starting time of our website. Future enhancement will also include interactions and storage of data for the announcement and donation pages.

Contributions are shown in Table below:-
